

COVID Visitation Guide

The following are guidelines to help us keep our residents and families safe as we **Welcome You Back!** The facility will schedule visitation to ensure the building does not have more visitors than it can accommodate. Each resident will be limited to two visitors at a time, and visits will be scheduled for 30 minutes. Visitation areas will be sanitized regularly. Please reach out to your concierge or Administrator with questions and to schedule a visit.

Core Principles of COVID-19 Infection Prevention:

Temperature & Question Screening

Hand Hygiene

Social Distance at least 6'

Face Covering or Mask

Clean and Disinfect Often

Separate areas for COVID-19 Care

Resident and Staff Testing

Instructional Signage Throughout

Appropriate Staff use of PPE

Help us safely reunite you with your loved ones!

- Core Principles of COVID-19 Infection Prevention for Visitations must be followed at all times.
- Visitors who are unable to adhere to the core principles of COVID-19 infection prevention should not be permitted to visit or should be asked to leave.
- Entry to the Facility will require a face covering and screening for signs & symptoms of COVID-19.
- You will be provided PPE to use during your indoor visit at the entry point. PPE wear is required at all times during your visit.
- Follow posted signage in the facility during your visit, including any with directions to and from your visit location and/or instructions on infection control precautions.
- If you have any signs or symptoms of COVID-19 please consult with your primary physician and notify the facility right away of any positive COVID-19 result.
